II. WHAT IS THE COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PROGRAM?

The United States Department of Housing and Urban Development (HUD) administers the Community Development Block Grant (CDBG) Program. The primary purpose of the CDBG Program is to assist low and moderate-income persons. The primary objective of the HUD CDBG Program is the development of viable communities by providing decent housing, a suitable living environment, and expanded economic opportunities primarily for low- and moderate-income residents. The national objectives of the CDBG program were established to assist local communities with activities focused on:

- Eliminating slum and blight, preventing deterioration of property, providing needed neighborhood community facilities, provision of supportive services;
- Preserving and improving the supply of affordable housing through improvement of low- and moderate-income housing;
- Acquisition, design, construction, and installation of needed public facilities, improvements, and accessibility measures;
- Creation and retention of jobs for low- and moderate-income persons through the expansion of business opportunities and the provision of financial incentives to businesses.

III. HOW CAN CDBG FUNDS BE USED?

Federal regulations require that CDBG funds be used for eligible activities that meet one of three national objectives:

- Benefit to low- and moderate-income persons;
- Aid in the prevention or elimination of slum or blight; and
- Meet a need having a particular urgency

The City of Riverside uses its annual CDBG allocation to fund projects and activities undertaken by city departments and community-based non-profit agencies; specifically,

to address the housing and community development needs of low- and moderate-income persons in the City of Riverside. CDBG funding can be used for a variety of activities to meet HUD statutory goals including but not limited to:

DECENT HOUSING - - which includes:

- assisting homeless persons obtain affordable housing;
- assisting persons at risk of becoming homeless;
- retention of affordable housing stock;
- increasing the availability of affordable permanent housing in standard condition to low-income and moderate-income families, particularly to members of disadvantaged minorities without discrimination on the basis of race, color, religion, sex, national origin, familial status, or disability;
- increasing the supply of supportive housing which includes structural features and services to enable persons with special needs (including persons with HIV/AIDS) to live in dignity and independence; and that is accessible to job opportunities.

A SUITABLE LIVING ENVIRONMENT - - which includes:

- improving the safety and livability of neighborhoods;
- increasing access to quality public and private facilities and services;
- reducing the isolation of income groups within areas through spatial de-concentration of housing opportunities for lower income persons and the revitalization of deteriorating neighborhoods;
- restoring and preserving properties of special historic, architectural, or aesthetic value; and
- conservation of energy resources.

EXPANDED ECONOMIC OPPORTUNITIES - - which includes:

- job creation and retention;
- establishment, stabilization and expansion of small businesses (including micro businesses);
- the provision of public services concerned with employment;
- the provision of jobs to low-income persons living in areas affected by those programs and activities or jobs resulting from carrying out activities under programs covered by the plan;
- availability of mortgage financing for low-income persons at reasonable rates using non-discriminatory lending practices;
- access to capital and credit for development activities that promote the long-term economic and social viability of the community; and
- empowerment and self-sufficiency for low-income persons to reduce generation poverty in federally assisted housing and public housing.

Under HUD CDBG regulations, at least 51% of those benefiting from CDBG funded activities must be low and moderate-income persons. **Agencies and organizations receiving CDBG funding must be able to document that the individuals or households it serves fall within the HUD income limits.** The HUD income guidelines for the 2010/2011 program year are as follows:

2010 HOUSEHOLD INCOME LIMITS

	1 person	2 persons	3 persons	4 persons	5 persons	6 persons	7 persons	8 persons
Extremely Low (30% & below)	\$14,000	\$16,000	\$18,000	\$20,000	\$21,600	\$23,200	\$24,800	\$26,400
Low-Income (between 30% to 50%)	\$23,300	\$26,650	\$29,950	\$33,300	\$35,950	\$38,650	\$41,300	\$43,950
Moderate Income (between 50% to 80%)	\$37,300	\$42,650	\$47,950	\$53,300	\$57,550	\$61,850	\$66,100	\$70,350

The City of Riverside anticipates receiving approximately \$3 million in CDBG funding from HUD for fiscal year 2010/2011 for use beginning July 1, 2010. All applicants and proposed activities must meet HUD CDBG eligibility guidelines to be considered for funding. Not more than 15% of these funds can be used for public service projects.

FINAL ALLOCATION OF CDBG FUNDS IS CONTINGENT UPON CITY COUNCIL ACTION, HUD AWARD OF FUNDS AND FULL EXECUTION OF SUB-RECIPIENT CONTRACT AGREEMENT. IF APPLICANT IS SELECTED TO RECEIVE A GRANT, THEN UNDER NO CIRCUMSTANCES WILL THE CITY REIMBURSE THE APPLICANT FOR TO COSTS INCURRED PRIOR TO JULY 1, 2010. Completion and submission of this application does not obligate the City of Riverside to allocate CDBG funds to your activity.

IV. ELIGIBLE APPLICANTS

Applicants for CDBG funding must be federally registered 501(c)(3) or (6) non-profit organizations, governmental entities or educational institutions.

V. ELIGIBLE AND INELIGIBLE ACTIVITIES

VI. CDBG PROGRAM ADMINISTRATION, PROCESS AND SELECTION OF FUNDING RECIPIENTS

The City of Riverside CDBG Program is administered by the Housing and Neighborhoods Division of the Development Department. Staff is responsible for facilitating project implementation, monitoring project activities and outcomes, and ensuring compliance with all HUD requirements and regulations such as fair housing, Davis-Bacon requirement (prevailing wages), environmental reviews, affirmative action, competitive bid procedures, and fiscal and contract administration.

The City of Riverside encourages citizen participation in the CDBG process through a series of public meetings, as well as through a published announcement prior to final project and program selection. Throughout the program year, citizens are given an opportunity to comment on all aspects of the City's CDBG Program uses and performance. The City is required to prepare both an annual action plan and an annual performance report for HUD identifying community priorities and documenting accomplishments through funded activities, programs, and projects. These reports are available for public review.

The City is in the process of preparing its Five-Year Consolidated Plan to identify priorities for the use of CDBG and other HUD funding resources through 2015. As part of the process for developing the Consolidated Plan, City staff conducted a survey that was distributed to all households in the City seeking community input in establishing priority needs under the CDBG eligibility categories. The results of that survey are as follows:

Capital Improvement Priorities

- Community Facilities
 - Park and Recreation Facilities
 - Youth Centers
 - Libraries
- Public Infrastructure
 - Street Improvements
 - Street Lighting
 - Sidewalk Improvements

Public Service Priorities

- Special Needs Services
 - Neglected/Abused Children Services
 - Homeless Shelter and Services
 - Domestic Violence Services
- Community Services
 - Anti-Crime Programs
 - Youth Activities

 - Removal of Trash and Debris
 - Code Enforcement
- Economic Opportunities
 - Retain Companies that Provide Jobs
 - Small Business Assistance
 - Job Training Programs
- Housing
 - Senior Housing
 - Residential Home Repair
 - Affordable For Sale Housing

Development Department Staff is responsible for pre-screening all CDBG Grant Applications in order to determine eligibility with Federal regulations. The eligible applications are then selected for recommendation based on a number of factors including, but not limited to: priority needs and local objectives as outlined in the City's Five-Year Consolidated Plan, community input gathered through the public participation process, cost effectiveness of the proposed project including leveraging of CDBG funds with other resources, and past grant performance by the applicant (if applicable).

City Council members individually review applicant proposals, Council Ward and community priorities and evaluations made by staff to determine the final recommendations for consideration by the full City Council. A public hearing will be held on April 13, 2010, where the City Council will receive community input before making a final determination on the allocation of CDBG funding for the 2010/2011 program year.

Once the City Council has made its final determination, applicants will be notified in writing of the disposition of their application. All applicants awarded funding will be required to execute a standard HUD CDBG Sub-recipient Contractual Agreement prior to implementation of their respective project/activity. No funds shall be disbursed to a contract sub-recipient until HUD provides a final award letter to the City of Riverside, and a contract is fully executed by the respective parties. **A sub-recipient may expect to receive their first reimbursement payment for public service programs by early October 2010. Under no circumstances will the applicant be reimbursed for any costs incurred prior to July 1, 2010.** Throughout the program year, City Staff will monitor the performance of the Grant Applicant to ensure compliance with the provisions of the approved contract.
